

**POLYOXYPROPYLENE/POLYOXYETHYLENE COPOLYMERS  
WITH IMPROVED BIOLOGICAL ACTIVITY**

**Abstract of the Invention**

5           The present invention comprises novel preparations  
of polyoxypropylene/polyoxyethylene copolymers which retain  
the therapeutic activity of the commercial preparations, but are  
substantially free from the undesirable effects which are inherent  
10 in the prior art preparations. Because the preparations of  
polyoxypropylene/polyoxyethylene copolymers which comprise  
the present invention are a less polydisperse population of  
molecules than the prior art polyoxypropylene/polyoxyethylene  
copolymers, the biological activity of the copolymers is better  
defined and more predictable.
